Accessibility Statement

We aim to cater for the enjoyment and needs of all our visitors.

A copy of this Statement is available on request by email, or on our website at www.stjohnsfootballclub.com.

The campsite is located on level ground with all facilities being at ground level, with ramped access to separate ladies and mens toilet /shower blocks and cubicles, and to the main bar/TV lounges.

Tent pitches are all located on grass, and Motorhome pitches on tarmac or grass, some with an electric hook up facility. Wheelchair users can, on request in advance, be accommodated close to the main facilities. Manual wheelchairs may on occasions need assistance on the grassed areas.

Dogs are not permitted on the grassed areas, except during TT fortnight when they must be on a lead and monitored for dog fouling at all times. Assistance Dogs are welcome free of charge, and owners are encouraged to exercise their dogs on the hardstanding areas, or on the trail that runs adjacent to the campsite.

Whilst the campsite does not have an induction loop system, helpful written information and all reasonable assistance will be provided by the warden and other staff for visitors who are hard of hearing or deaf.

A warden is available on site 24/7 during TT fortnight, and at all other times can be contacted via the details listed below.

You are welcome to park your bike/vehicle next to your pitch or on the car parks. Ample car parking space is available on the main car park for people with disabilities.

Bus service Nos. 5 and 6 serve the campsite from the ferry terminal and to other destinations around the Island, and Service No. 8 serves the campsite from the Airport. The buses are all wheelchair accessible. Accessible taxis can be pre-booked in advance via the contact details below.

A manual wheelchair is available for use free of charge. Wheelchair batteries can be re-charged, and medication stored in a fridge.

If you need any information or assistance either in advance or during your visit, please contact Brian by email at brianleece@manx.net or by phone on +44 7624 486348, as we will be happy to help.
