Accessibility Statement for The Waldick

Introduction

Our property is a Victorian sea-front property situated on picturesque Peel Bay, overlooking historic Peel Castle. We are located at the far northern end of Peel Promenade (Marine Parade), next to the bowling green. We have over a dozen bedrooms, all on the first floor or higher and four rooms have views over Peel Bay. Our breakfast room also has views over the bay.

There is ample free parking right outside the building, however there are no dropped kerbs directly in front. The closest dropped kerb is at the entrance to the bowling green/Bowling Green Café next door, approximately 10 meters away from our front steps.

Access to building, dining room and bedrooms

It is important to us that our guests are fully aware that our beautiful Victorian building has quite a few stairs and we regret that it is not possible to install a lift inside the building, nor a ramp at the entrance. We have seven flights of stairs including the outside steps to the front door. They are as follows:

12 steps to front door from street level. There are two benches at the top on either side of the front door. The breakfast room and reception are on this ground floor.

16 steps to first floor rear. This landing includes rooms 3 & 4 and a public toilet. Total steps from street level: 28. From reception: 16. (does not include steps taken on level landings)

5 steps more to first floor front. This landing includes rooms 5 & 6. Total steps from street level: 33. From reception: 21.

10 more steps to second floor rear. This landing includes rooms 7 & 8. Total steps from street level: 43. From reception: 31.

7 more steps to second floor front. This landing includes rooms 9 & 10. Total steps from street level: 50. From reception: 38.

7 more steps to third floor rear. This landing includes rooms 18 & 19. Total steps from street level: 57. From reception: 45.

8 more steps to third floor front. This landing includes rooms 15, 16 & 17. Total steps from street level: 65. From reception: 53.

All steps and stairways have handrails. The front steps are non-slip concrete with white-painted edges, and all interior stairways are fully carpeted. The stairways and hallways are automatically lit by motion sensors and the outside steps and front door are fully illuminated from dusk to dawn.

Breakfast Room

The breakfast room is fully carpeted. There are nine tables comprising two, four and six settings for up to 24 persons. Our chairs are moveable, padded and armless. A unisex toilet and hand-washing facility is on the first-floor landing.
