The Old Byre, 66 Douglas Street, Peel

We're delighted to welcome anyone to our cottage who feels they can accommodate its intrinsic limitations.

It is an old building, adapted from a former cow byre with little regard for present day requirements.

The front door opens inwards from the pavement, giving directly into a tiny entrance hall.

Directly ahead are the stairs. To the right and left sharp turns lead through doors to the kitchen and snug sitting room.

The back door can be reached through the main garage door, out of the garage side door and down eight steps.

We have no downstairs toilet.

The stairs are narrow and steep, though they have a handrail.

Upstairs there are three bedrooms, two of which have a step up at their threshold.

The toilet is separate and, though we don't have grab rails on the bath, there is a walk in shower in the bathroom.

We can provide non-allergic bedding.

On arrival it's not possible to stop in the road outside the front door, even to unload, as traffic approaches from three directions.

The nearest place for unloading is in the garage behind the cottage or in the adjacent private car park.
