

# WE ARE THE ARTISANS

WHO FORAGE FROM  
THE LAND AND DEPTHS  
OF THE SEA, CREATING  
FEASTS FROM THE BOUNTY  
OF OUR BLESSED ISLAND...

...Conjuring delights out of fire and smoke,  
in a frenzy of flavour from a melting pot of  
character and taste.

Artisans are passionate, creative and take every opportunity to craft their own cuisine. A lover of the finer things and unique ingredients, you live to discover new flavours prepared passionately by fellow Artisans. Preferring to slow down and appreciate your surroundings rather than racing through life, you love to live like a local and seek out the hidden gems where you can truly experience a taste of the land.

Whether you're after a real ale experience, gourmet cookery course or want to learn the secrets of using fresh botanicals to craft innovative spirits and wines, there's a growing choice of food experiences and tours that will add flavour to your itinerary. With the purest locally sourced and produced mouth-watering dishes, from handpicked delights at local farms to home reared Loaghtan lamb and freshly caught queenies, the Isle of Man is the perfect destination for lovers of fine food and drink.
