

# WE ARE THE DISCOVERERS

WHO NAVIGATE OUR  
SEABOARD KINGDOM  
WHERE ISLAND WONDERS  
MEET THE WATER...

...Wandering the enchanted glens with the breeze that travels over plains and mountains, to the towering chasms that cascade to the depths of our emerald sea.

As a Discoverer you are fascinated with the world itself and were born with a wish to experience everything that is out there. With such a diverse natural landscape, the Isle of Man, with its UNESCO Biosphere status, is the perfect place to get back to nature and remember how life should be. Following in the footsteps of the Discoverers that have been, travel around the Island from dusk till dawn hopping from one natural wonder to another.

Watch as the sun rises over the hills and sets behind iconic landmarks. Experience the Island's astounding beauty at your own pace or on a nature and wildlife tour where you'll observe our idyllic countryside and stunning beaches. Walk the world famous Raad ny Foillan coastal path, enjoy a gentle stroll through our 18 National Glens, or take an off-road trail to discover breath-taking views over land and sea. As a tribute to the rural character and tranquillity of the Island, end your day spectacularly by camping under our dark skies.
