A BIOSPHERE NATION

Discover the extraordinary story of the first entire nation in the world to be recognised as a UNESCO Biosphere.

A Biosphere is a special place, with a community committed to maintaining and improving it – a land with inter-connected ecosystems that support a diverse array of native flora and fauna, and Islanders who work on conservation while also thriving off their natural environment.

It is a place that reveals something unique and globally significant about the way it tells its story; and a place which provides a local solution to global challenges - connecting people to the world around them. It's an accolade that we are immensely proud of,

highlighting the story of an Island where people, nature and sustainable development coexist in harmony.

We're a land with a rich heritage and strong tradition which is inherent within the community, and shines through our fascinating history which honours the past and inspires the present.

We invite you to discover our extraordinary Biosphere for yourselves...

"The Isle of Man is a special place to live, work and visit. Our UNESCO Biosphere status recognises the unique way of life that serves to preserve our nature and wildlife as well as our culture and heritage."

A WELCOME ESCAPE CLOSE TO HOME

A seabound kingdom that's right on your doorstep.

Located in the heart of the Irish Sea, the Island is a short flight or hassle-free sail away. Flights operate from airports across the UK and Ireland or if you prefer to sail, choose between a leisurely or fast craft crossing with the Isle of Man Steam Packet Company which offers sailings throughout the year from Heysham and Liverpool, and seasonal sailings from Belfast and Dublin.

Once you've arrived, our scenic roads are well worth a drive – you can bring your car, bike or motorhome via the ferry. A bus network serves the whole Island and our heritage railways will transport you in true Manx style – so there's no limit to your explorations.

The best way to make travel seamless and cost effective is to buy a Go Explore card which are available to purchase online at: www.iombusandrail.im or at the airport and ferry terminal welcome centres. The card entitles the holder to unlimited travel on scheduled bus, heritage rail (including Groulle Glen and Laxey Mines Railway) and Horse Tram services for 1, 3, 5 or 7 consecutive days. To make things even easier Isle of Man Transport and Manx National Heritage offer a 5-day Go Explore Heritage card which includes unlimited travel plus admission to all Manx National Heritage attractions.

MAKE MEMORIES, LEAVE ONLY FOOTPRINTS

Whether you're an ambler, a rambler or a serious hiker, get ready to conquer some of the most breath-taking trails in the British Isles.

Walking trails in the Isle of Man are as diverse as they are numerous, and with 40% of the Island uninhabited there are countless self-guided and guided walks, and those off the beaten track that allow visitors to discover their own Island story.

The iconic Raad ny Foillan coastal footpath, Manx Gaelic for 'The Way of the Gull', runs for 100 miles around the entire Island and offers intrepid sightseers the opportunity to explore the cliffs, wooded glens, open farmland and spectacular coastline that make up the Island's rural beauty, with castles, local wildlife and beaches to explore along the way. The footpath can be split into manageable sections to be enjoyed over a number of days or visitors can select the 'best of' to sample this outstanding route – these are highlighted in the directory at the back of this guide.

Visitors can scale the Island's 25 summits over 1,000ft from a selection of eight different walking routes. The Manx uplands offer remote walking and the chance to see some exceptional viewpoints, natural beauty and wildlife.

Experience the best of the Isle of Man with our Railway Rambles, all based around our impressive network of Heritage Railways. Ranging from 3.5 miles to 12.5 miles, these walks are a great way to explore the Island and experience key towns and villages and cultural experiences.

Our enviable diverse landscape makes our Island home to extraordinary wildlife.

The Isle of Man boasts a myriad of natural habitats, including grassland, wetland, woodland and glens, all home to a diversity of wildlife. You may be lucky enough to spot wild wallabies at the Curragh's, a swampy woodland in the north of the Island. More than 100 are believed to live here!

LIGHTHOUSES CHALLENGE

Over 100 events take place on the Island every year, with a hive of cultural activity, sporting challenges and unique annual events to offer up new experiences.

Throughout the year you can experience the rarest of Manx traditions, which celebrates the beauty of our Islanders in song and culture. In July we have our national day, Tynwald Day, a day to celebrate our Island, community and parliament. The Yn Chruinnaght Celtic Festival in July unites cultures from all over the Celtic world with dancing and singing. October sees the celebration of Hop tu Naa, the oldest continuously-existing tradition in the Isle of Man and the Manx equivalent of Halloween – a celebration with songs, dancing, turnip lanterns and curious customs.

Birthplace to athletes and Olympians, the Island hosts a variety of sporting challenges that test your body and mind. The Parish Walk offers participants the opportunity to walk 85 miles around the Island's parishes within 24-hours, whilst the Lighthouses Challenge encompasses 100 miles and over 2,000 metres of climbing for competitive cyclists.

It is advisable to check with your own mobile network to determine the level and charges of the roaming services with the Isle of Man providers. Please note the Isle of Man is outside the EU jurisdiction and as such does not benefit from the tariff caps operating within the European Union.

Postal Services

Parking

The Isle of Man operates a policy of disc parking zones in the Island's towns and villages. Non-residents wishing to park in these areas must display a parking disc in their vehicle showing the time of arrival in the parking place. This may limit car parking to 30 minutes, one hour or two hours depending on the street or zone parked - please check signposts on the kerbside for details. Discs are usually available from vehicle hire firms, the Sea Terminal, Douglas, Police Stations, Post Offices and local Commissioners' Offices throughout the Island.
