

# Coach Parking

## Laxey

Parking for five coaches at **Dumbells Terrace** car park and two coaches at the **Fire Station**. Coaches over 12 metres in length are advised not to enter Lower Laxey and the Promenade – please see local information for availability of Link Bus. Coach Drivers are advised to make two stops, one as they enter Mines Road (Dumbells Terrace end) and one further down by the fire station to drop off closer to the Laxey Wheel. This would allow those passengers wanting to visit the MER station and village to get off first and the rest to continue on to be dropped nearer to the Wheel. Coaches should then return to the Mines Road parking area and reverse park into the bays provided.
