

Your Island guide to TT 2023

Welcome to TT 2023

Travelling by Bus & Rail during TT

INTRODUCTION

Welcome to TT 2023, we're incredibly excited about this year's races and very happy to welcome so many visitors to the Isle of Man.

Our teams at Isle of Man Transport, Police and Visit Isle of Man have collaborated to put together this guide for TT 2023, making sure you're well-informed about what's on, how to stay safe, travel, accommodation and more!

The Isle of Man has such a varied offering, meaning that there's something for everyone this TT. Whether you're all about the racing, interested in our inspiring culture and heritage, or simply want to soak up the electric atmosphere, we've got all bases covered.

Additionally, feel free to stop and ask locals for their recommendations, we're known for our friendliness and are always happy to give advice and information!

BY BUS

Do you know where your staying? Use the maps on the following pages with the main campsites to see which buses serve you. The routes are colour-coded so you can then refer to the relevant timetable. We offer a full timetable booklet free of charge. You can also visit www.bus.im for a quick journey planner or www.findmybus.im to track your bus in real time. There will be representatives at the Welcome Centre in the Sea Terminal (during opening hours) to help you with any questions. During peak times we will also have representatives at the Airport and the main bus station in Lord Street, Douglas.

Visit www.bus.im where you will find a simple to use journey planner as well as full bus timetables.

Visit www.findmybus.im to track buses and railways in real time.

BY RAIL

For TT 2023 Isle of Man Transport is operating four Heritage Railways which offer a unique way to discover the island and also to watch the races.

The Isle of Man Steam Railway operates in the south of the Island, between Port Erin and Douglas. Why not try the dining train? We have our Bikers Special Pie and Mash and TT Commuter Club trains.

The Manx Electric Railway heads north between Douglas and Ramsey, via Laxey where you can connect with the Snaefell Mountain Railway. This fantastic feat of engineering combines Victorian charm with spectacular views.

A Snaefell Mountain Railway runs from Laxey up to Snaefell Summit. From Laxey travel half way up the mountain to the Bungalow, a fantastic spot to see the races. While you're there why not take the opportunity to go right to the top and enjoy the Summit cafe with panoramic views of the Island.

Douglas Bay Horse Trams have been in existence on the Isle of Man since 1876. Start your journey at Derby Castle, Douglas or the Villa Marina. Then simply sit back, relax and enjoy the journey along Douglas Promenade.

For all railway timetables look in the back of our bus timetable, pick up a leaflet or visit www.rail.im

PEAK TIMES

During the busy times some buses may not be able to stop due to over capacity. We have standby buses during these times, and the procedure is that the bus driver will radio our bus control room who will do their best to send out standby buses to collect customers we have not been able to pick up. Please use www.findmybus.im to track your transport in real time.

SPECIAL TT SERVICES

Further details on TT specials can be found in our printed timetable or online. Visit bus.im or follow us on Facebook **@isleofmantransport** for the most updated departure times especially when there is delays to racing.

TT1

On race days this service will operate from the South of the Island and travel to the Grandstand before continuing as a TT6, departing Port St Mary Harbour at 07:30am calling at Port Erin station, Shore Hotel, Castletown Bypass/School Hill and Ballasalla. You may continue on this service around the course as a TT6.

TT6

On race days this service will take you to your favourite place to watch the action. Departing Lord Street Douglas via the Grandstand, the TT6 serves Quarterbridge, Glen Vine, Crosby, Ballacraigne, Laurel Bank, Cronk-y-Voddy, Kirk Michael, Ballaugh, Sulby and Ramsey. Some of the best spots around the course!

TT3

On race days this service takes you from Lord Street Douglas via the Grandstand to the Creg-ny-Baa grandstands and viewing areas. An amazing spot to watch the races! After the races we will come and collect you.

HULLAD OIE NIGHT OWL PREMIUM SERVICES

From Wednesday 31st May to Saturday 10th June the Hullad Oie Night Owl services operate. These are our late night buses which operate between Douglas, the North, West and South and depart at 00:15 or 01:15 (please note the 31st May and 1st June will be 00:15 only). Double fares apply to all Night Owl services unless using an Explorer or Saver product where standard fare is applicable. **See our timetable for exact departure points and times.**

SERVICE 19 - THE TT MOTOR MUSEUM, AND THE TRANSPORT MUSEUM IN JURBY

There will be extra services between Ramsey and Jurby during TT week to serve the TT museum. Please use the bus timetable for more information. We also have an on demand bookable minibus service called **connectVILLAGES**, this can be booked at the times you wish to travel via the app **MANNgo**, or by calling **+44 (0)1624 697440**.

Marked and unmarked police bikes operating

Police bikes are patrolling ALL of the Island's roads. **All times. All weathers.**

A one-way system is in operation over the Mountain Road, from Ramsey Hairpin to the Creg Ny Baa, for the whole of the TT festival.

Temporary speed limits will be introduced in various locations around the Island to cope with the increased volume of traffic, to improve safety for all road users. Driving bans imposed by an Isle of Man Court also apply in the UK as there is a reciprocal ban agreement in place.

Während des gesamten TT-Festivals gilt auf der Bergstraße von der Haarnadelkurve Ramsey Hairpin bis zur Creg-Ny-Baa-Kreuzung eine Einbahnregelung.

Um das erhöhte Verkehrsaufkommen zu bewältigen werden vorübergehende Geschwindigkeitsbegrenzungen eingeführt. Sie dienen dazu, die Sicherheit aller Verkehrsteilnehmer zu gewährleisten.

Un système d'aller simple fonctionne sur la Mountain Road du Festival TT, de Ramsey Hairpin à Creg Ny Baa pendant toute la durée du Festival TT.

Les limitations de vitesse temporaires seront appliquées pour faire face à l'augmentation de la densité du trafic. Elles sont mises en place pour améliorer la sécurité de tous les usagers de la route.

Durante la celebración del TT Festival, la carretera de la montaña se habilita para circular en un único sentido en el tramo desde Ramsey Hairpin a Creg Ny Baa.

Durante la competición se aplican límites de velocidad temporales a fin de hacer frente al incremento del tráfico. Estas limitaciones pretenden mejorar la seguridad de todos los usuarios de las vías de la isla.

Be aware that temporary road closures and one way restrictions are not picked up by 'Satnav' devices so always obey the signs. It is safest to switch your 'Satnav' off during TT.

MOUNTAIN ROAD IS ONE WAY

KNOW YOUR LIMITS

**STAY SAFE THIS TT WITH OUR
HANDY SAFETY ADVICE...**

CAMPSITE CRIME

- Don't leave valuables inside your tent (including car keys).
- Keep bank cards, cash and small valuables on your person where possible.
- If you have a vehicle, keep larger valuables locked inside and out of sight.
- Secure property you leave outside your tent.
- Padlocks can draw attention to your tent.
- Mark your valuables with a UV pen.
- Split up your cash and cards.
- Report any suspicious behaviour.
- Get to know your surroundings.
- KNOW YOUR LIMITS - alcohol can impair judgement.

BBQ SAFETY

- Never light a BBQ inside a tent.
- Only use a BBQ on a flat and even surface on either bricks or paving slabs.
- Place BBQs well away from the house, shed or fences, trees, shrubs and other structures.
- Do not use disposable barbecues near or on public benches.
- Keep children and pets away from cooking areas.
- Never leave your BBQ unattended.
- Always have a bucket of sand or water available in the event of a fire emergency.
- If you're using a disposable BBQ ensure it has cooled before putting it in the bin. To avoid starting a fire you should allow it to cool for several hours and then consider pouring water over it to make sure it's out.
- Don't drop cigarettes or anything burning onto dry ground.

SPECTATOR SAFETY AND

BEHAVIOUR GUIDELINES

 Remember, where these signs are displayed it is prohibited to spectate in the area. This is for your own safety and the safety of the riders.

Choose your position carefully and consider your safety. The spot that gives you a great view may not be the safest place to spectate. A motorcycle travelling at 100mph is covering over 44 metres every second and on the faster sections of the course they can reach speeds in the region of 200mph.

Always ask yourself – “if something did go wrong, would I have time to react and move out of the way?”. If the answer is no, then you need to move to a safer position. **Remember: listen to the Police and Marshals. Keep your belongings secure and away from the track.**

 In Bereichen, in denen dieses Schild angebracht ist, ist das Zuschauen nicht gestattet. Dies dient Ihrer Sicherheit und der der Fahrer.

Wählen Sie sorgfältig eine Stelle zum Zusehen aus und berücksichtigen Sie dabei Ihre Sicherheit. Eine Stelle mit guter Sicht, ist nicht unbedingt sicher. Ein Motorrad, das mit ca. 160 km/h fährt, legt 44 Meter pro Sekunde zurück. Auf den schnellen Streckenabschnitten erreichen die Motorräder sogar Geschwindigkeiten um die 320 km/h. Fragen Sie sich ob Sie im Falle eines Unglücks Zeit zu reagieren und zu fliehen hätten. Lautet die Antwort nein, befinden Sie sich wahrscheinlich an einer unsicheren Stelle. **Denken Sie daran: Hören Sie auf die Anweisungen der Polizei und der Streckenposten. Bewahren Sie Ihre Sachen sicher und abseits der Strecke auf.**

Rappelez-vous que lorsque ce panneau est affiché, il est strictement interdit de suivre la course dans la zone. Il s'agit d'une mesure de sécurité qui vise à vous protéger ainsi que les motorcyclistes. Choisissez soigneusement votre place et tenez-compte de votre propre sécurité. La place à la meilleure vue n'est pas nécessairement la plus sécurisée. Une moto circulant à 100 mph soit 44 mètres par seconde peut atteindre une vitesse de 200 mph sur les tronçons les plus rapides de la course. Si malheureusement quelque chose a mal tourné, demandez-vous - "Aurais-je le temps de réagir et de bouger?" Si la réponse est non, vous vous trouvez probablement à une place dangereuse. **N'oubliez pas : écouter les consignes de la police et des commissaires de course. Gardez vos affaires en sécurité et loin de la piste de course.**

Recuerde que esta señal indica que se encuentra en una zona prohibida para seguir las carreras. Se trata de una medida encaminada a salvaguardar tanto su integridad como la de los pilotos.

Elija su posición cuidadosamente y tenga presente su seguridad. Es posible que la posición con mejores vistas no sea la más segura. Las motos a 100 mi/h recorren más de 44 metros por segundo y en los tramos más rápidos llegan a alcanzar velocidades del orden de 200 mi/h. Si, por un infortunio, algo saliese mal, hágase la siguiente pregunta: “¿Hubiera tenido tiempo de reaccionar y moverme?” Si su respuesta es negativa, entonces es probable que el sitio elegido no cuente con garantías de seguridad. **Recuerde: Siga las instrucciones de la policía y asistentes del evento, y mantenga sus pertenencias vigiladas y lejos del recorrido.**

Once the roads have closed do not go onto them. Walking or encroaching onto a closed road could result in you being prosecuted and facing a heavy fine up to £2,500.

Betreten Sie die Straßen nicht mehr, sobald sie gesperrt wurden. Das Betreten oder Eindringen auf eine gesperrte Straße kann eine Anklage und eine hohe Geldstrafe von bis zu 2500 € nach sich ziehen.

Dès que les routes sont fermées, ne les empruntez plus. Marcher ou s'engager sur une route fermée, pourrait donner lieu à des poursuites et est passible d'une amende allant jusqu'à £2500.

No acceda a las carreteras una vez que estén cerradas. Acceder a carreteras cerradas o caminar por las mismas es una infracción perseguida por la ley y sujeta al pago de elevadas multas de hasta 2500 £.

EXTRAORDINARY IS... BLAZING YOUR OWN TRAIL

The Island's landscapes are as diverse as they are scenic and our open roads encompass views across rolling countryside, expansive coastline, majestic summits and rugged moorland, with plenty of unique attractions and charming towns and villages to visit along the way. We are also proud to be the only entire nation in the world to be recognised as a UNESCO Biosphere - a testament to the richness and scope of our awe-inspiring nature, ancient and compelling history, and the vibrancy of our culture.

SELF-GUIDED RIDE & DRIVE ROUTES

Motoring clubs travel far and wide to sample our six outstanding driving routes. Covering all corners of the Island, our routes allow you the freedom to explore legendary landmarks amidst extraordinary scenery at your leisure.

A ride away from the Mountain course, find towns rich in history on the Ancient Capital Runaround or head to the remote Point of Ayre on the Sileau Sloop. Each route has a Google map to accompany.

MOTORSPORT EXHIBITS, BIKES & MEMORABILIA

Whether you're a fan of two wheels, four or more, there are attractions and activities to rev up any motorsport or transport enthusiast. Discover for yourself why the Isle of Man has become the home of road racing.

REFUEL WITH LOCAL FOOD & DRINK

The Isle of Man prides itself on the quality and variety of its locally produced food and drink - from freshly caught seafood to succulent meat and specially brewed beers and spirits. Home to fine dining restaurants, seaside cafes, bountiful bistros and more, our extraordinary eateries and drink establishments will be sure to fuel your visit.

Apps

Download these apps to your Android or Apple device to help keep you informed and safe while visiting our Island.

EverBridge provides a free public warning service. This could be anything from adverse weather warnings to campsite evacuations. Please note this app does not provide info on TT road closures.

The simplest way to talk about location. Street addresses aren't accurate enough to specify precise locations, such as building entrances, and don't exist for rural areas. This makes it hard to find places and prevents people from describing exactly where help is needed in an emergency.
