

Who can travel to the Isle of Man? - and what are the rules?

No isolation or testing: for fully vaccinated visitors and residents

Applicable if:

- You have had the full course of an approved COVID-19 vaccine (Pfizer BioNTech; Oxford/AstraZeneca; Moderna, Johnson and Johnson/Janssen or the clinically trialled Valneva, Novovax, Com-COV or Com-COV 2) with at least two weeks passed since the full course was administered, and
- Have been in the Common Travel Area or a country on [England's Green or Amber list](#) for 10 days prior to travelling to the Isle of Man.

If you fit the above eligibility, there is no testing, restrictions or isolation required

- If you are travelling with children aged 12 – 17 who have not had a full course of a COVID-19 vaccine will be required to follow the ['Test to Release'](#) pathway (if travelling from the CTA or a country on England's Green list), or the ['7 Day Isolation'](#) pathway (if travelling from a country on England's Amber list). For both pathways each child must have a COVID-19 PCR test within 48 hours of arrival, and isolate until they receive a negative result (Test to Release) or for 7 days (7 Day Isolation). You are able to isolate in a shared space (such as your accommodation) with them but are otherwise unaffected by their isolation period. Tests are free of charge for children and can be booked by calling +44 (0) 1624 822111 (between 8am-8pm, 7 days a week)
- Children aged 0-11 are exempt from any testing and self-isolation.

Test and Release: for residents, family, partners, property owners only

Applicable if:

- You are an Isle of Man resident, family member, partner or property owner, and
- You have not completed the full course of any approved vaccine, and
- Have been in the Common Travel Area or a country on England's Green List for 10 days prior to travelling to the Isle of Man.

Restrictions:

- 'Test and Release' pathway (£30): you must have a COVID-19 PCR test within 48 hours of arrival, and isolate until you receive a negative result. Another test on day 6 must be taken for ongoing monitoring and assurance purposes.
- If you do not wish to undergo testing, you will be required to self-isolate for 21 days.

7 Day pathway: for residents, family, partners, property owners only

Applicable if:

- You are an Isle of Man resident, family member, partner or property owner, and
- Have travelled to countries on England's Amber Travel List in the 10 days prior to arrival in the Isle of Man (regardless if you are fully, part or not vaccinated)

Restrictions:

- '7 Day testing' pathway (£30): you must have a COVID-19 PCR test within 48 hours of arrival, and isolate for seven days. Another test on day 6 must be taken- if this is negative you may leave isolation on day 7.
- If you do not wish to undergo testing, you will be required to self-isolate for 21 days.
