

Access Statement

Stumbleholme can accommodate 4 people comfortably. There is a luxurious open plan master suite and a double attic room with an additional bathroom. The cottage is therefore perfect for a shared holiday experience, whilst ensuring privacy

Stumbleholme's front door is accessed by 3 steps with a handrail on both sides. Alternative access is through the patio doors to the rear of the property where there is 1 step into the kitchen. The ground floor kitchen, diner and lounge are open plan with a small downstairs toilet. The staircase leading up to the first floor has a handrail and a 90 degree turn. The first floor comprises a spacious bedroom with a king-size bed and ensuite bathroom. There is also a laundry room and bathroom which serves the second bedroom on the floor above. Bedroom 2 is accessed by a narrower staircase with 2 90 degree turns which may prove difficult for anyone with mobility problems. *Unfortunately, the layout of Stumbleholme means it is not possible to accommodate permanent wheelchair users.* To the rear there is a nicely appointed paved yard with six 6 steps leading up to a small garden which enjoys the sun from morning until early evening.
