

Accessibility Statement – Woodside B&B

Woodside is a Victorian property and does not unfortunately have provision for wheelchair users due to the amount of steps at the front of the property, 12 steps through the garden, then a further 13 directly to the front door.

To access the bedrooms there are 13 stairs to Room 3 and a further 3 to Room 1 and 2.

As we are only a small property we do not have any technical provision for blind or deaf guests but would be happy to accept a guide dog if requested. We cater for a wide range of allergies and are happy to discuss requirements.

We only take bookings by phone or email so are happy to discuss potential guests requirements before booking and arrival.
