

12 WIZARDS OF MANN BALLAGLASS GLEN

Cassan Fer-Obbee Vannin, Glion Valley Glass

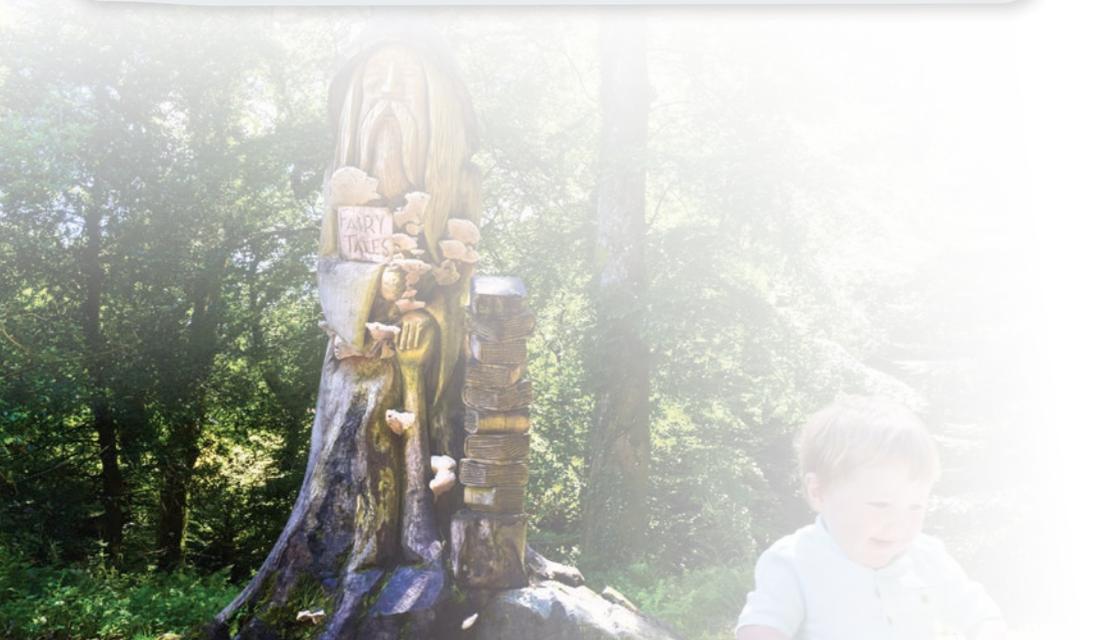

ROUTE

- Head over the bridge and into the main glen. Take the path straight ahead of you and follow this round. The glen is shaped like a triangle, and you circle round and exit in the same place.

ACTIVITIES

- Can you find the Wizard of Mann?
- In the autumn bring along a container to collect conkers, which fall in their abundance in the glen.
- 20 Questions: Hide a small object (something from your bag, or that you find along the trail) in your hand and have kids try to figure out what it is.
- Build your own story. Why not build a story together about the wizard, or faeries or another mythical creature in the glen? Take it in turns to describe the creature – what does it like, what's its favourite food, where does it hide?

Ballaglass Glen
