Welcome

At Fisherman's Cottage we want to make everyone's stay as enjoyable as possible. We aim to accurately describe our facilities and services to give you the confidence to book the right holiday accommodation for your specific requirements.

Level Access

Fisherman's Cottage is situated on Minorca Hill in the village of Laxey and the approach to the property is on a significant incline. **We do not have level access to the property.** There is a step up from the road to the front yard and a further two steps up to enter the property. Inside there is a step down from the dining area to the lounge; and the property has a traditional cottage staircase leading to the first floor bedrooms and bathrooms. Access to the rear garden is also by a number of deep uneven steps.

The staircase is steep, narrow and twisted, and due to this the property is not suitable for wheelchair users. For this reason, it is also not suitable for anyone with limited mobility, the elderly or very young children.
