---

## Getting to the property

The Corner House is just a few steps walk from the beach front at Peel as shown on the map above.

There are major bus routes into Peel from Douglas and other areas and the property is located a short walk from the nearest bus stop. As with most of Peel there are some hills although the hills to the beach or the town centre are not too steep.

Parking for the house can be found on street either on Stanley Mount itself outside the property or in the surrounding streets should you not find a suitable space. There is no designated space but everyone tends to keep a very neighbourly attitude towards parking and respects the space outside of each others houses, so you should find a space!

'The Corner House' is identified by the sign by the front door of the same name.

There is a step threshold to enter the property and the downstairs is all flat and level. Downstairs you will find the hallway to the stairs through the front for then to the right the living room leading into the kitchen. There are comfortable and dining seating options in the living room.

There are handrails on the stairs and the property is spread over three floors, with the stairs being fairly steep and no lift access it is not wheelchair user suitable.

Street lighting provides ample light for access to and from the property during the hours of darkness.

Bedrooms are located on the first and second floors and are therefore not suitable to wheelchair users.

We do not accept pets, however if you wish to bring your assistance dog, please contact us to discuss your requirements.
