

## *Driftwood Holiday Cottage*

### **Accessibility statement**

Driftwood Cottage is not suitable for wheelchair users, due to there being two steps to the front door and the bedrooms being located on the first and second floor.

The cottage is situated in a quiet pedestrianised lane which runs behind St Peter's Church in Peel – there is a free car park just around the corner. There is adequate low-level street lighting outside the cottage. Upon entering, there is a small hall area (with coat/boot storage) and a door leading into the living room/kitchen and separate utility room. From the hall, up two short flights of stairs are the shower room and the second (zip and link twin-bedded) bedroom. Up another two short flights of stairs is a landing with ample wardrobe space and a door into the master (king-size) bedroom.

The cottage is a short walk away from all amenities.

Up to two dogs are welcome but on the ground floor only, however if you wish to bring your assistance dog, please contact us to discuss your requirements.
